*"For we are God's masterpiece, created in Christ Jesus to do good works, which God prepared in advance for us to do." Ephesians 2:10*

The students have been working hard and showing more independence in their school work. Thank you for entrusting your children to us. Please pray for us as we continue to help them grow spiritually, academically, and socially.

## Curriculum

### Language Arts

The students will continue working on their writing skills by working on strong beginnings, adding powerful and elaborative detail, and strong endings in narrative and expository texts. Work on developing reading strategies will also continue.

### Social Studies

The students will continue working on *Histories, Stories, and Ways of Life in Canada*.

### Science

5TJ and 5VB - Classroom Chemistry

5H - Electricity and Magnetism

**Math** – We will be working on decimals before moving onto measurement. Practicing the multiplication facts is always an essential skill the students continually work on.

**Bible** – 5H and 5VB will continue exploring *Jesus' ministry* and the impact he had on the people around Him and the impact his ministry has had on us. 5TJ will begin looking at stories from the Old Testament, beginning with Gideon.

**Memory Work** – "Get rid of all bitterness, rage and anger, brawling and slander, along with every form of malice. Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you." Ephesians 4:31-32

French -- Through songs, videos and a webquest, the French 5 students recently explored the annual francophone winter celebration - "Le Festival du Voyageur." They successfully applied their knowledge of seasonal clothing to describe the clothing worn by "le voyageur," as well as by those who take part in this celebration. This brings our unit to a close and the unit test on Seasonal Clothing is scheduled as follows:

5H - Tuesday, March 5

5VB - Tuesday, March 5

5TJ - Wednesday, March 6

Although we will be spending time in class completing review, please be sure to refer to the Google Classroom for a study guide, including vocabulary lists and practice questions with answer keys.
